Summary of reasons for decision:

'Savages' is a violent American film about two happy-go-lucky drug dealers whose lives become irreparably entwined with a brutal Mexican drug cartel. The feature was originally examined as a 35mm film by the Classification Office (OFLC Ref. 1200539.000, registered 27 June 2012). It was classified R18, with the descriptive note 'Contains violence, offensive language, drug use and sex scenes'.

This Blu-ray disc comprises the 'Theatrical' and 'Unrated' versions of the film. The features are accompanied by two extra components relating to the making of the film, including behind the scenes footage, extended scenes, and director's commentary for the theatrical feature. The additional components increase the extent of the classifiable material but remain at a level comparable to the original classification, and as such the Blu-ray Disc is also classified R18, with the same descriptive note.
